

Requisição de Mudanças

```
classDiagram
    class RM[Requisição de Mudanças]
    class RD[Relato de Defeito]
    class RE[Relato de Evolução]
    class RL[Relato de Melhoria]
    RD --|> RM
    RE --|> RM
    RL --|> RM
```

Detailed description: This is a UML class diagram. At the top is a class box labeled 'Requisição de Mudanças'. It has a single compartment for the name and two empty compartments below it. Below this box are three other class boxes: 'Relato de Defeito' on the left, 'Relato de Evolução' in the center, and 'Relato de Melhoria' on the right. Each of these three boxes also has a single compartment for the name and two empty compartments below it. A horizontal line connects the three lower boxes. From the center of this line, a vertical line goes up to the bottom of the 'Requisição de Mudanças' box, ending in an open triangle, which signifies a generalization (inheritance) relationship.

Relato de Defeito

Relato de Evolução

Relato de Melhoria
